A PRODUAT	
APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicat	ion,
and do hereby grant the same, subject to the following limitations a	nd
conditions:	-ho
This permit is issued subject to all existing rights on source and is limited to what the well will produce but not to ex	ceed
3.5 c.f.s. It is understood that this right must allow for a real lowering of the static water level at permittees well due to other	٠
ground water development in the area. A substantial weir or other of measuring device must be installed and measurements of water up	r type
of measuring device must be installed and measurements of water unkept, and a method provided, either air line or opening, for measurements of water depth to water. The State retains the right to regulate the use	ring of the
depth to water. The State retains the right to regulate the use water herein granted at any and all times.	
	······································
The amount of water to be appropriated shall be limited to the amoun	<b> </b>
which can be applied to beneficial use, and not to exceed 3.5	, ,
cubic feet per second, or a yearly duty of 4.0 acre-feet per acre of irrigated.	land
Actual construction work shall begin on or before March 13, 1958.	
Proof of commencement of work shall be filed before April 13, 1958	
Work must be prosecuted with reasonable diligence and be completed o	n or
before March 13, 1959.	·
Proof of completion of work shall be filed before April 13, 1959.	
Application of water to beneficial use shall be made on or before	
March 13, 1962 . Proof of the application of water to benefi	
use must be filed with State Engineer on or before April 13, 1962
